# Reference creation in OneSearch (Cite them right style)

Click on the cite option **"**

Select the right style and you will get a reference you can copy and paste.

## But this reference isn't correct.  Can you spot the error?

The edition information needs to be formatted correctly as edn.  It should be:

> **Pears, R. and Shields, G. J. (2019) Cite them right: the essential referencing guide.**
> **11th edn. London: Red Globe Press.**

## Pasting the reference has created another error

It removed the correct italicisation of the title.  So to correct it you need to go back in and replace it.  So the correct reference should actually be:

> **Pears, R. and Shields, G. J. (2019) *Cite them right: the essential referencing guide*.**
> **11th edn. London: Red Globe Press.**

For **journal articles** it often brings unnecessary publisher information such as the Abingdon: Routledge below, which will need removing.  Some lecturers don't like the Doi to be included either – See our FAQs for more discussion on this.

Correct reference.

> **Thompson, N. and Pascal, J. (2012) 'Developing critically reflective**
> **practice', *Reflective practice.* 13(2), pp. 311–325.**

NB.  OneSearch is constantly updating and these examples may change as improvements are made.
